Satisfactory Academic Progress (SAP) for Financial Aid

Widener University is required by federal regulations to adhere to minimum standards of satisfactory academic progress that relate to a student's eligibility for federally funded financial aid programs, including state, federal and institutional grant(s), scholarships, employment, and loan programs.

Students must meet minimum satisfactory academic progress standards in order to initially receive and to maintain eligibility for federal Title IV and ALL Institutional funds. The satisfactory academic progress standards apply to all students in degree seeking programs of study who wish to be considered for financial assistance.

SAP is a qualitative as well as a quantitative measurement of credits attempted and credits completed. Failure to pass progress can be a failure in one or both of the measurements.

A student's completed credit hours must be equal to or greater than 67% of the credit hours attempted to meet the **quantitative** measurement.

The **qualitative** standard is measured by grade point average (GPA) and academic classification level. The minimum GPA for each classification level is indicated below:

Total Credit Hours Earned	Cumulative Grade Point Average
15.5 or fewer	1.7 or higher
16 – 30.5 credit hours	1.8 or higher
31 – 60.5 credit hours	1.9 or higher
61 or more credit hours	2.0 or higher

These minimum standards must be met in order to be considered for federal and institutional financial assistance. Aid will be terminated for any student who does not maintain the minimum standard.

Please note: Individual School/College GPA may be higher. Consult with the appropriate academic unit.

Requirement to Reinstate Aid if Appeal is Denied or Benchmarks are Failed

If an appeal is denied or benchmarks are failed, it will be necessary for the student to enroll in classes at their own expense. After successfully meeting the minimum satisfactory academic standard, students may be considered for financial assistance in upcoming terms. It is the student's responsibility to notify Financial Aid Services by submitting the Reinstatement of Financial Aid form when they have earned the necessary cumulative grade point average and/or met the quantitative standard that meets the minimum satisfactory academic progress requirement to receive aid.

Questions regarding SAP for Financial Aid should be directed to:

Widener University's Office of Enrollment Services at (610) 499-4161.
